GLENFIDDICH  
EVERY YEAR COUNTS

## A DAY IS A VISIT A YEAR IS A MEMORY

### The Glenfiddich Distillery

Visit The Home of The World's Favourite Single Malt Scotch Whisky.

William Grant had, for many years, thought about making "the best dram in the valley". In 1886, he and his wife, seven sons, two daughters and a stonemason set to work in the Glen of Fiddich - Gaelic for Valley of the Deer.

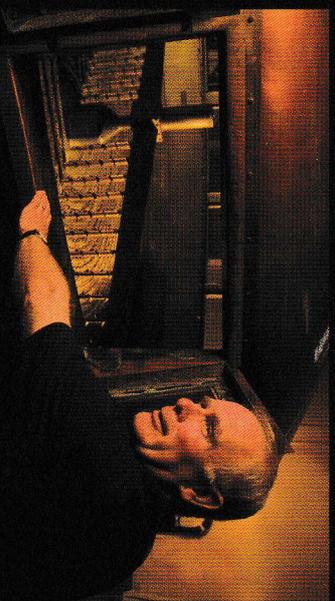

Within the space of a single year, he had transformed his thought into a distillery and his distillery into a family philosophy. The spirit first flowed from the stills of Glenfiddich on Christmas Day 1887. The crystal clear waters of the Robble Dhu Springs, the barley, the pure Highland air and the unusually small size of the stills produced a single malt Scotch whisky which, as William had hoped, could not be bettered.

Five generations later, Glenfiddich still flows from the stills and William's dram has become the world's favourite single malt, winning more awards and accolades than any other single malt Scotch whisky.

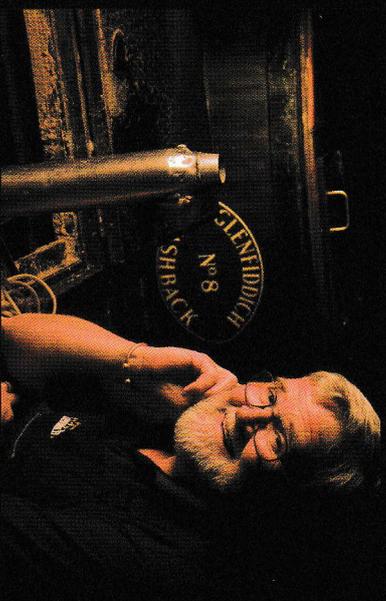

Thoughts don't turn into philosophies in a single day, but give yourself a year and the possibilities are endless. Pay us a visit and take away a memory.
